ACADEMICS ZONE

Discover the future of smart manufacturing in the Academics Zone at SPS Atlanta, September 16-18, 2025. The Academics Zone is a dedicated space that brings together leading academic institutions, research programs, and emerging talent to showcase the future of automation and robotics. Leading research institutions and university programs are invited to join to share how they are shaping the future of automation.

Why Participate in the SPS Atlanta Academics Zone?

Join the Academics Zone today to showcase your program's groundbreaking work and student innovators who are shaping the future of automation, robotics, AI, and smart manufacturing.

Participating schools will receive the following:

- Table
- 2 Chairs
- Promotional Materials Customized with Logo
- Networking Opportunities
- Access to show floor educational sessions

In addition, Undergraduate and Graduate-level students are invited to share their unpublished research findings related to the development of automation innovation to be displayed on posters on the show floor in the **Student Poster Program**. Students will have the opportunity to network with fellow peers, industry professionals, and potential employers.

Interested in participating? Apply by July 18, 2025 by contacting Samantha Nipper.
