Atlanta, Georgia, USA

ACADEMICS ZONE

Discover the future of smart manufacturing in the Academics Zone at SPS Atlanta, September 16-18, 2025. The Academics Zone is a dedicated space that brings together leading academic institutions, research programs, and emerging talent to showcase the future of automation and robotics. Leading research institutions and university programs are invited to join to share how education and industry are shaping the future of automation.

Why Participate in the SPS Atlanta Academics Zone?

Student Poster Program

- Undergraduate and Graduate-level students are invited to share their unpublished research findings related to the development of automation innovation. Students will have the opportunity to network with fellow peers, industry professionals, and potential employers.

Academic Zone Theater

- Professors and students are invited to speak in the Academics Zone Theater to share their program's latest innovations and developments.

University/Academic Program Showcase

- Academic institutions will have the opportunity to share the innovations currently taking place in their programs in a kiosk-style forum.

Interested in participating? Review the submission details below and/or contact Samantha Nipper to confirm your program's participation.

Submission Details:

- Students looking to present posters must submit an application by June 1, 2025 along with a 250-300 word abstract and headshot.
- Posters must be submitted by August 8, 2025 in a high-resolution PDF format, 36" wide x 60" long to the email below.
- Those looking to speak in the Theater must send a proposal of their talk by June 1, 2025.

Applications, poster submissions, and inquiries should be sent to Samantha Nipper.
